

WELCOME TO GAP DAYS

Max Horn

GAP Days Winter 2022

WELCOME EVERYONE!

- We have 25 registered participants
- Seven here the first time
- These are the 13th GAP Days ..
- ... and the 3rd virtual ones
- Due to a strike in the UK, exams in Aachen, plus some illnesses, not everyone can join today and tomorrow, and we had to reschedule a bit

PLANNING THE WEEK

- Focus of the week: GAP infrastructure, the package distribution and related things
- Schedule editable by anyone with a GitHub account
- We will use a HackMD document to organize all
- Let's have a look at it
